Sir,

Sub: FISHERIES SCHOOL, Manikoth - S.Kanara District - opening of IV Standard - proposal under Part II scheme for 1956-57 - submitted.

****

As per sanction accorded in G.O.Ms.No.979 Agriculture dated 6-4-55 a new fisheries school was opened at Manikoth on 2-6-1955 by employing two Higher Elementary Grade Teachers sanctioned in the said Government Order. Only standards I, II and III were opened to begin with. The class-war strength and average attendance for the last three months are as follows:--

Standard	June		July		August.	
	Strength.	Average attendance	Strength.	Average attendance	Strength.	Average attendance
I	45	33	45	39	47	38
II	37	34	38	35	38	36
III	15	13	17	16	17	16

At present one teacher is handling the First standard and the other is in charge of second and third standards. It is proposed to open standard IV in June, 1956. The strength expected in each class in 1956-57 will be 20 or more. Each of these four classes will then require a separate teacher i.e., four teachers against the present strength of two. Therefore, I request that the Government may be pleased to sanction the opening of IV standard in 1956-57 and to employ two additional Higher Elementary Grade teachers on Rs.30-1-50 each per mensem for a period of one year from the date of employment. A non-recurring expenditure of Rs.500/- for supplying furniture may also be kindly sanctioned. The expenditure is to be debited to "40-Agriculture - Fisheries - Fisheries Schools".

To A.S.

The letter from the D.I.& C. in the C.F. may be perused.

2. In G.O.Ms.No.979, Agri. d/6-4-55 the Govt. approved the proposal of the D.I.& C. for the opening of a Fisheries Ele. School at Manikoth, Ajanur village in S.Kanara Dt. during 1955-56 and the employment of two Higher Ele. Grade teachers for Standards I, II and III to be run.

3. The present strength and the average attendance in each of the three Standards are furnished at 'A' on p.1 c.f. At present one teacher is handling I standard and the other is in charge of II and III Standards. The D.I.& C. states that it is proposed to open Standard IV in June 1956 and there will be a strength of 20 or more in each of the four Standards. The D.I. & C. requests Govt. to sanction the opening of Standard IV in 1956-57 and the employment of 2 Higher Grade Trained teachers on Rs.30-1-50 each p.m. for a period of one year from the date of employment in the next academic year. He also requests sanction for incurring a non-recurring expre. of Rs.500/- for the supply of furniture.

4. The financial implications involved in the proposal is explained at 'B' on p.1 c.f. A recurring expre. of Rs.1,200/- p.a. towards Establishment charges and a non-recurring expre. of Rs.500/- have to be sanctioned if the proposal is accepted.

5. The criteria for submission of proposals to be considered as Part II schemes will be found in Fin. Dept's memo No.61075A-BG 3 d/13-9-55. The proposal dealt with in this file is immediate and essential in the interest of the fisher-children studying in the school. The proposal of the D.I.& C.

for the opening of IV standard in 1956-57, at the Fisheries Ele.School at Manikoth in S.Kanara Dt, and the employment of two Higher Grade Trained teachers and for incurring an expre. of Rs.500/- towards the cost of furniture required may be supported in the Dept. HELA and Fin. may see for remarks.

DEPUTY SECRETARY TO GOVERNMENT 8.1.0.P.C. 13 OCT 1955 FINANCE DEPARTMENT

The notes on pp 1-3 above may be perused.

2. The D.I.&C has submitted proposals for the opening of Standard IV in the Fisheries school, Manikoth, South Kanara District during 1956-57. The proposal involves the employment of two Higher Elementary grade teachers and the incurring of a non-recurring expenditure of Rs 500/-. The total cost involved in the proposal works out to Rs 1,200/- recurring and Rs500/- non-recurring.

3. The school has at present got two higher elementary grade teachers. The D.I.& C has furnished

B. applcn

details of strength and average attendance for each of the existing three standards for the months of June to August. The D.I.& C has proposed the employment of two teachers on the assumption that the strength in each of the classes in 1956-57 will be 20 or more. From the average attendance in the IIIx standard, it is doubtful whether there will be a strength of 20 in Standard IV when it is opened. This department may now agree to the opening of Std. IV in 1956-57 and the employment of an additional higher elementary grade teacher and the incurring of an expenditure of Rs 500/- proposed under non-recurring. The question of sanctioning an additional higher elementary grade teacher may be considered when there is an actual increase in the strength of the school justifying the employment of an addl. teacher.

4. If the above suggestion is acceptable, it does not seem necessary to treat the proposal as a Part II Scheme for 1956-57 in view of the small extra cost involved in the proposal. The addl. higher elementary grade teacher agreed to by this department above may be sanctioned for the school year 1956-57.
